

Application 20/00600 –3 5 Eton Road, Eton End School, Datchet Datchet parish council has no objections but has comments for consideration by the planning officers to this application on the following points:

1. Flood risk as noted on the letter for Flood zone 3. In particular reference to flood protection and the precedent it could make to other developments in flood zones if no conditions applied to the application.
2. Also, we note there is no neighbour notification list, would it be viable to approve an application without this document being submitted?
