

Application 20/00971 – Garden Cottage. 18 Ditton Park Road. Datchet, Datchet. The parish council would like to raise **an objection** to this application on the following points:

1. Overdevelopment and creates an additional property which could be assessed to highways who have objected previously in 2002 and 2003
2. Additionally as this Annexe is set in Green belt as a temporary building being replaced with a permanent building we feel deters from the character within the area and forms a cramped development with minimal amenity space.
3. The development represents inappropriate of development in Green Belt which is harmful to its openess.
4. We refer to the previous appeal decision in 2003 attached and we do not see where the points raised have been mitigated and still bear weight to this proposal
