

Application 20/01405 – 99 Ditton Road, Datchet.

Datchet parish council would have no objection to this application but would add the following note; Planning was refused under application 20/00630 due to flood zone concerns and overextension of property on 26th March 2020 but alterations to the area of extension have been made to reduce this footprint within the flood zone. We refer to our previous concerns on 20/00630 and as long as these comments have been taken into consideration we would have no objection or further note.
