

Application 20/01996 - 10 Lawn Close, Datchet, Slough SL3 9JZ.

Datchet parish council would like to issue an objection due to overdevelopment of the site from boundary to boundary, which would set a precedent in that street and create ongoing over development throughout the area which would affect the character of the semi-detached property. Additionally, the street benefits from a character of design for many of the houses and again we would like to note concerns that this development would completely change the character of the street. If planning is to be reviewed or proposed we would like to see a reduced footprint and height with particular consideration to the character of the street and the majority of residences.
