

**Application 20/01526 – 50 Ditton Road, Datchet.** Datchet parish council have no objection to this application but would like to note the following local points:

1. That the entrance to the property and the application for a dropped kerb sits directly opposite an exit point to a car park used by multiple cars and could cause restricted sightline to oncoming traffic.
2. We support the conditions attached to the application by the Highways Agency but would like to draw their attention to the carpark exit directly opposite to the applicants property.
