DATCHET PARISH COUNCIL STATEMENT ON INTERNAL CONTROL

1. SCOPE OF RESPONSIBILITY

Datchet Parish Council is a local authority funded largely by public money; it is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.

In discharging this overall responsibility, the Council is also responsible for ensuring that there is a sound system of internal control which facilitates the effective exercise of the Council's functions and which includes arrangements for the management of risk.

2. THE PURPOSE OF THE SYSTEM OF INTERNAL CONTROL

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives; it can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to:

- a. identify and prioritise the risks to the achievement of the Council's policies, aims and objectives
- b. evaluate the likelihood of those risks being realised and the impact should they be realised
- c. manage them efficiently, effectively and economically.

The system of internal control accords with proper practice as set out in the Practitioners' Guide Governance and Accountability in Local Councils (2024 edition).
