24/267 PUBLIC QUESTION TIME

Resident 1 asked where should she go to look at the 125 trees that that the council committed to planting for the Datchet Parish council 125th year anniversary. She said there used to be a working group on it and certain aspects were put on hold in 2021 with Covid. Cllr I Thompson said this was not taken up and then the orchard came about. He also said 21 oak trees were planted over the back by the railway but not relevant to the question. He thanked the resident for raising it and said we will bring it back to council to get some support on it.

Resident 2 said she had emailed the council three months ago about a tree on parish council land behind Horton Road that was overhanging into her property and becoming hazardous. Cllr I Thompson said he had searched into the history of the land and ownership and unfortunately that area was not in the parish council boundary. He encouraged the resident to come back with any information they have on the house/area of land she considers is belonging to the council but the area had been sold out in 1939. He said she is welcome to come into the office to look at the mapping we have but further research needs to be done to find out whose land it is.

Resident 3 asked if the parish council had a view on the Manor Hotel being used as an immigration hotel given the area it is in and asked if any complaints or objections were put into RBWM and asked if it will be allowed to be used as such again in the future.

Cllr I Thompson said we have highlighted the problem for many years and had many meetings with residents, RBWM, police and fire brigade objecting to the hotel. He said it had been publicised and now gone forward in national newspapers. He said the MP was also involved and put it up in parliament. He said because the position has been elevated it was now looking to be one of the first hotels with immigrants to be taken out of. He said we cannot tell the future but will hopefully get the hotel back and participating in village life. Cllr S. Glover said it was worth bearing in mind the Home Office determines asylum seeker hotels and not the councils and as the hotel is privately owned, will be up to the owner as to what its used for in the future.

Resident 4 wanted to make aware that two of the hotel properties, Koala House and The Manor Green Cottage, are being used as service addresses for manor housing and support. She said it was not clear what the planning use classification of the two properties are so feels it would be useful for the council to check what use classification the Manor Hotel is and whether it needs to go to planning or they can just do it.

24/268 DECLARATIONS OF INTEREST

Cllr E. Larcombe asked the councillors to confirm individually that their declarations of interest were up to date to which all replied yes except for Cllr C. Wise who said she had emailed the clerk recently in relation to this and Cllr D. Loveridge who said he hoped so but wasn't sure at the moment so will pop into the office.

24/275 BOROUGH COUNCILLOR'S REPORT:

Borough Cllr E. Larcombe said the council tax rise had been agreed at 8.99% and RBWM had been allowed to borrow more money to save raising an S114 document. He said they are having enormous problems in Maidenhead at the moment regarding the golf course with the proposed new houses. He said he had been at RBWM for 6 years where even then there were whispers on the state of the finances 6 years ago. He said SITFA came in and drafted a report and when they came back the entire council changed overnight. He went on to say that when he first joined, they were looking for money for the partnership funding for the RTS scheme. When he started asking questions, he got thrown off the regional flood and coastal committee. Then two months later, a former councillor from here said the money was not available and RTS Channel 1 had been removed from the process.

A resident spoke about the increase in council tax being due to financial anomalies and asked if it was due to fraud, had the police been involved and was anyone prosecuted for it.

Cllr Larcombe said there was no accountability for it and it was down to democracy and who is elected for these roles every 4 years. He said it is not premediated false accountancy that has caused the problem.

24/284 PUBLIC QUESTION TIME: (Only for clarification relating to matters discussed on the agenda and limited to 2 minutes a person and 10 minutes maximum total)

Resident 1 made a complaint on the amount of Part II meetings held by the parish council stating that if items are not discussed in a public forum, then the public is not expected to know what is going on with public money and explained this was not how it used to be. She referred to the LAMP agenda item and said it was a lot of money and the public is entitled to know what is happening.

Cllr I Thompson replied that we are following our solicitors' instructions.

Resident 2 said in response to Cllr A. Whelan's earlier agenda item, there was evidence of a weight restriction in Datchet and said there were big signs on Queens Road and behind the theatre to show this.

Cllr I Thompson said we did have an agreement to restrict heavy vehicles into Datchet and this should still be in place however these are ignored by foreign drivers.

Cllr A. Whelan said that Bray has actual physical restrictions and this is what she will be looking into under Highways.

APPENDIX A

Applications considered at the meeting on Monday 10th March 2025

Application #	Application Site	Proposal	DPC Comments
25/00099 Full	3 Holmlea Walk Datchet Slough SL3 9EW	Garage conversion, part single, part two storey rear extension and alterations to fenestration	Objection. The proposal lies within Flood Zone 3 and has failed to provide an appropriate Flood Risk Assessment demonstrating that it would appropriately mitigate against flood risk. As such the proposal fails to comply with RBWM Local Plan Policy NR1, Datchet Neighbourhood Plan Policy DAT10, and Section 14 of the NPPF. DNP policy DAT2 (Design and Character) is relevant.
25/00214 Full	Hardware House The Green Datchet Slough SL3 9BJ	Redecoration of the existing shopfront with recessed door, 5no. swan neck lights and new signage.	No objection. Relevant DNP policies and guidance are DAT 2 (Design and Character), DAT 3 (Shopfront Design), and DDG Chapter 5 Shopfronts. These have been taken into account.
25/00215 Advertisement	Hardware House The Green Datchet Slough SL3 9BJ	Consent to display 2no. externally illuminated fascia signs.	No objection. Relevant DNP policies and guidance are DAT 2 (Design and Character), DAT 3 (Shopfront Design), and DDG Chapter 5 Shopfronts, including the section on lighting, page 53. These have been taken into account.
25/00249 Works To Trees Covered by TPO	10 Ruscombe Gardens Datchet Slough SL3 9BG	T1 Oak tree – Crown reduction as per photograph (017/1978/TPO).	Refer. Subject to Arboriculture specialist
25/00231 Works To Trees In Conservation Area	Riverbank 9 Southlea Road Datchet Slough SL3 9BY	(T1-T8) Limes - Repollard.	Refer. Subject to Arboriculture specialist

25/00328 Full	22 Lawn Close Datchet Slough SL3 9JZ	Single storey front/side extension and alterations to fenestration following demolition of existing elements.	No objection. Relevant DNP policy is DAT 2 (Design and Character).
25/00350 Full	23 Montrose Avenue Datchet Slough SL3 9NH	Single storey front extension, single storey side/rear extension, alterations to the external finish and fenestration and new rear raised patio.	Objection. Relevant DNP policies are DAT 2 (Design and Character) and DAT 10 (Flooding and Drainage). Properties here have a distinctive style. Grey roof tiles are proposed but, in this area, there are no grey roof tiles. The proposed single-storey front extension matches neighbouring property, but elsewhere the characterful front bay windows have been retained. Proposed changes to size of fenestration do not match neighbouring properties which retain a smaller central first floor window. Proposed sustainable drainage is a water butt. Flood risk assessment required.
25/00354 Discharge of Condition	14 Eton Road Datchet Slough SL3 9AY	Details required by Condition 13 (Archaeological Scheme Of Investigation) of planning permission 23/02278/FULL (allowed on appeal) for a new front porch, single storey side/rear extension and alterations to the external finish, following demolition of the existing single storey element.	<p>No objection. Archaeological Officer, Berkshire Archaeology has reviewed the WSI (Written Scheme of Investigation) submitted and recommends that it is accepted by the LPA. However, they do not recommend the condition is fully discharged until the works have been completed and a satisfactory report submitted. This is supported as significant archaeology has been found in this area.</p> <p>NB The archaeology report for this application says that prehistoric finds nearby "include a ring ditch and possible field systems recently excavated on land off Riding Court Road, to the east of the site (ASE, Archaeology South East, in prep)". This is AL39. We need to monitor this.</p>
25/00386 Full	99 Montagu Road Datchet Slough SL3 9DX	Garage conversion, first floor side extension and alterations to fenestration.	<p>Objection. Relevant DNP policy is DAT 2 (Design and Character), this is not in keeping with the local street scene. Site is in FZ3 so DAT10 (Flooding and Drainage) is applicable. Also, DAT8 - biodiversity enhancements – the proposal should incorporate design features that encourage local wildlife to thrive.</p> <p>There are concerns about the scale of the proposed extension on a prominent corner site. The previous application was refused because the proposed first floor side extension, by virtue of its design, bulk and scale, would not harmonise with, or be subordinate to, the existing dwellinghouse, resulting in an unsympathetic development which would harm the character and appearance of the host dwelling. These objections are still valid.</p>
25/00252/ FULL	Thorneby 64 Eton Road Datchet Slough SL3 9AY	Single storey rear extension following demolition of existing rear element	Objection. The proposal has failed to provide an appropriate Flood Risk Assessment to demonstrate how the proposed ground floor extensions would mitigate and reduce the risk of flooding. In the absence of a Flood Risk Assessment, the proposal would fail to comply with Datchet Neighbourhood Plan DAT10, Borough Local Plan Policy NR1 and the NPPF.
